with Leading Brands

Superior finishes, trendy designs and
quality modules at affordable prices.

Providing the best interior solutions with state-of-the-art-technology.

Architectural Lighting

We offer a wide range of options to customize lighting solutions. with LED technology.

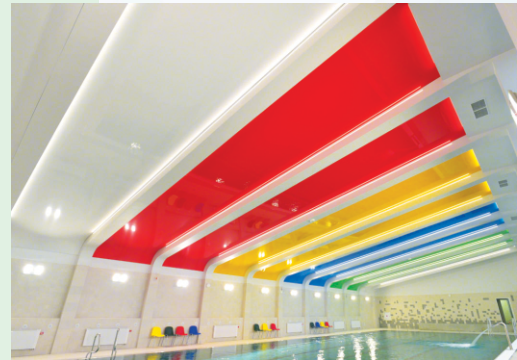

Stretch Ceiling

A stretch ceiling is a thin PVC film which unfolds and forms a perfectly smooth ceiling surface.

Lacquer Ceiling

Lacquer finish stretch ceilings provide a mirror effect on your ceiling with a high degree of light reflection.

VOX Ceiling

The innovative Infratop ceiling system is a practical and hassle-free way of giving ceilings and roofs an aesthetic finish.

Bespoke Wallcovering

Ideal wall covering solution for walls in contact with water like bathrooms, showers and wash areas. A great alternative to ceramic tiles as it enables you to try out highly decorative solutions in environments where standard wallpaper cannot be used.

Wooden Flooring

Add natural warmth to your home with real wood-topped flooring. Take your home ambience to next level with engineered wood flooring. Teak, Oak, Walnut & more.

Smart Glass

Any glass surface can become smart glass whether it is a glass wall, window or glass door. Smart glass goes from clear to frosted with the flick of a switch, providing instant privacy.

Wall Cladding Stones

Our products are made from polymers, cement, recycled aggregates, sand, and pigments. Their durability is unmatched.
